Project Management

➤ **Freelance**

Front-End Developer

December 2023 – Present

- Developed and maintained responsive websites and applications for various clients using modern technologies.
- Collaborated with clients to gather requirements, providing solutions that align with their business goals and enhance user experience.
- Designed user interfaces with a focus on usability and accessibility, ensuring a seamless experience across devices.
- Utilized frameworks like React.js and Vue.js to build dynamic and interactive web applications.
- Managed project timelines and delivered high-quality work within deadlines, leading to repeat business and client referrals.

➤ **LEAD Technologies, Inc.**

Developer Programmer Engineer

June 2019 – December 2023

- Analyzing and formulating requirements for web-based applications.
- Collaborating closely with team members to understand web development needs, resolve technical issues, and ensure customer satisfaction.
- Developing and optimizing web modules using React.js, ensuring alignment with agreed-upon requirements.
- Designing, reviewing, and updating technical documentation specific to web modules, including React.js components.
- Conducting unit tests and extensive testing of web modules to ensure robustness and efficiency.

➤ **EXTENSYA COMPANY**

Call Center Agent

October 2018 – December 2018

```
